

CAPITAL SUPPORT PARTNERS WITH THROGMORTON

Capital Support, the bespoke IT solution supplier, has announced Throgmorton, one of the UK's largest independent professional service providers to the hedge fund, private equity and other SME financial services businesses, as its latest mandate win. Throgmorton will be using Capital Support's full suite of IT services.

In over a decade servicing the financial services sector Throgmorton has always been a market leader in terms of its robust offering and internal processes, and the partnership with Capital Support will ensure it remains so.

Unlike traditional IT support providers, Capital Support offers 'complete' proactive IT solutions to ensure its clients' technology is always working profitably for their business. These regulatory compliant outsourced IT solutions include: cloud-based infrastructures & applications, network design, hardware installation & procurement as well as office relocations & new start up support.

Capital Support was founded in 2002 in response to market demand for high availability dependable IT support solutions. It has grown rapidly in the following years and now provides IT solutions to several hundred organisations across the UK and internationally.

Throgmorton, with offices in London, Reading and New York, supplies business, financial and administrative outsourcing to over 300 corporate and personal clients. The firm provides its clients with accounting, bookkeeping, tax, company secretarial and human resources services. The company has also built up an expertise in helping US alternative investment managers set-up in the UK.

Andrew Rubio, Chief Executive of Throgmorton, commented:

"In the fast moving fund management sector, particularly at a time of regulatory evolution and heightened investor needs, it is important to stay ahead of the curve in all the services we provide. Implementing Capital Support means our infrastructure and technology is aligned with those used by our fund management clients, an important feature that attracted us to the product."

"Capital Support is our ideal partner with its thorough understanding of the technology requirements of the financial services industry, and they were still able to offer a solution unique to Throgmorton," he added.

Nigel Brooks, Director at Capital Support, said

"We are delighted that Throgmorton has decided to appoint us to carry out and maintain their IT requirements. We pride ourselves on our niche expertise and proactive approach for IT in the financial services sector."
